

Electric Fireplaces Contribute to the Ambience of Your Home

instead create colorful, dancing light shows.

- Because electric fireplaces don't produce actual flames, they usually have a separate heating system built in. Most models allow you to turn the heater off if you want ambience without heat, which means you can even use your fireplace in the summer. Some models come with a built-in thermostat, so they automatically turn 1002153602 off the heat when the room reaches a certain temperature.
- Unlike their wood-burning counterparts, electric fireplaces can't be used as a backup heat source during a power outage.

- Take a look at vertical fireplaces. The new design has a high-end look and can make the electric fireplace the centerpiece of your room.

If you've always wanted a fireplace but don't want the mess or risk that come with open-flame units, it could be time to buy an electric version.

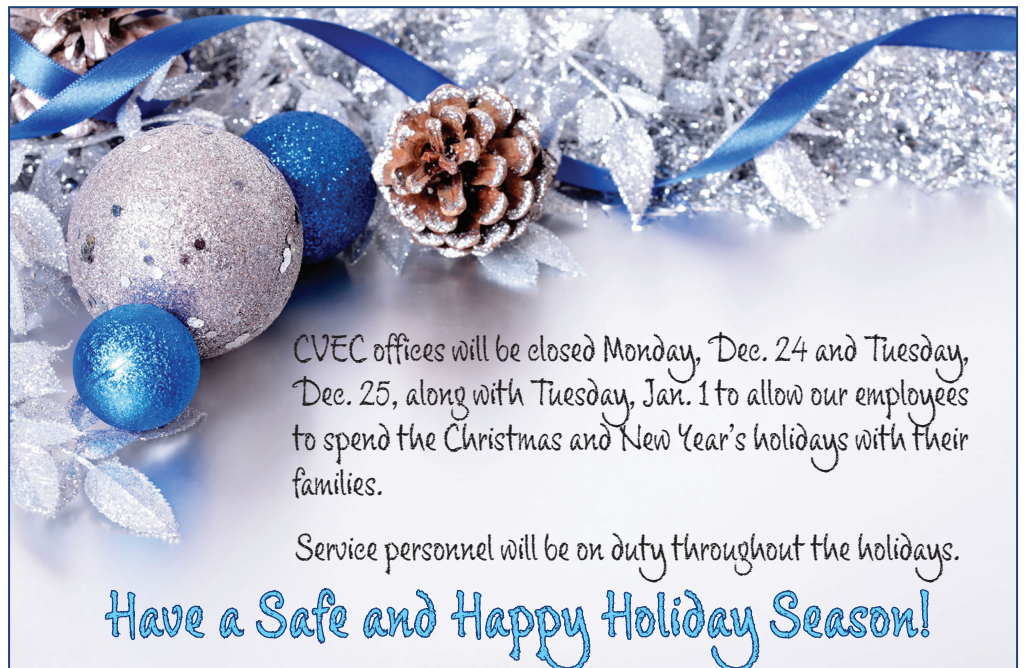

Electric fireplaces can help heat a room and add a bit of ambience. And they look much nicer than a simple space heater.

Because electric fireplaces require only floor space and a power outlet, they're a great option for apartments or condos. If you're in the mood for faux fire, consider:

- If you move frequently, an electric fireplace could be a good investment. Most are portable and are relatively easy to move.

- The look of the "flames" in an electric fireplace is much more natural than it used to be, but not as realistic as real fire, of course. The

"fire" is created by special light bulbs that simulate flickering flames. Some don't even try to simulate fire and

CVEC offices will be closed Monday, Dec. 24 and Tuesday, Dec. 25, along with Tuesday, Jan. 1 to allow our employees to spend the Christmas and New Year's holidays with their families.

Service personnel will be on duty throughout the holidays.

Have a Safe and Happy Holiday Season!

New Services Staked in September

During the month of September, 29 new services were staked. The total new services staked in 2018 is 293. This compares to 291 for the same period in 2017.

Holiday Recipe

Red Velvet Cheesecake Bites

16 oz. cream cheese, softened
1/4 cup sugar
1/4 cup heavy cream
1/4 tsp. vanilla
1/2 baked Red Velvet Cake, broken into crumbs

In a large bowl using a hand mixer beat cream cheese and sugar until light and fluffy. Add heavy cream and vanilla and beat until stiff peaks form.

Transfer mixture to the freezer to firm up; about 2 hours.

Using a small cookie scoop, scoop small balls of mixture and use your hands to form the mixture into balls.

Roll mixture in Red Velvet Cake crumbs, then transfer to a parchment-lined baking sheet. Once all cheesecake bites are rolled, transfer to the refrigerator to chill and harden, at least 1 hour.

RESOLUTION

of the Board of Trustees, Canadian Valley Electric Cooperative

Assigning 2017 Patronage Capital

WHEREAS, according to Policy 6.1, Capital Credit Management, Canadian Valley Electric Cooperative, Inc. (“the Cooperative”) shall allocate and retire capital credits in a manner that: (1) is consistent with state and federal law; (2) is consistent with operating on a cooperative basis under federal tax law; (3) is fair and reasonable to the Cooperative’s patrons and former patrons; (4) provides the Cooperative with sufficient equity and capital to operate effectively and efficiently; and (5) protects the Cooperative’s financial condition. Subject to law, the Cooperative’s articles of incorporation, and the Cooperative’s bylaws, the allocation and retirement of capital credits are at the sole discretion of the Cooperative’s Board of Trustees.

WHEREAS, the bylaws of the Cooperative require margins from patronage business (i.e. from and directly related to the retail electric service utility operations) be assigned to the individual capital credit accounts of patrons on a calendar year basis.

WHEREAS, for the 2017 Calendar Year the Cooperative achieved the following net margins from patronage business, exclusive of the power supply portion of such margins, in the following amounts as shown on the Statement of Operations for such year:

Patronage Capital and Operating Margins	\$ 887,555.00
Non-Operating Margins - Interest	1,004,428.00
Non-Operating Margins - Other	53,620.00
Other Capital Credits Assigned to CVEC	131,541.00
	\$ 2,077,144.00
Under assignment of Prior Year Margins	0
Net CVEC Margins Assignable to Members	\$ 2,077,144.00

THEREFORE, The Board of Trustees of Canadian Valley Electric Cooperative hereby declares and approves the assignment of \$2,077,144.00 in CVEC capital credits to the individual patronage capital accounts of CVEC patrons receiving electric utility service from the Cooperative during the 2017 Calendar Year.

WHEREAS, for the 2017 Calendar Year, the Cooperative was assigned \$1,159,729.00 of patronage capital from its power supplier, Western Farmers Electric Cooperative, Inc.,

THEREFORE, the Board of Trustees of Canadian Valley Electric Cooperative hereby approves the assignment of \$1,159,729.00 as the power supply portion of capital credited to the individual patronage capital accounts of CVEC patrons receiving electric utility service from the Cooperative during the 2017 Calendar Year:

WHEREAS, the Capital Credit Allocation Factors for these assignments are as represented below:

Allocation Factors

Rate Classification	Rate Code	CVEC	Power
Supply Residentail	2 & 4	0.04810438	0.017849018
Small Commercial	10-21	0.04930463	0.017563665
Large Power - 1 Rate	22-28, 32, 35 & 39	0.0103127	0.026844159
Large Power - 2 Rate	33, 36-38, 40 & 42	0.00507983	0.02780987

BE IT THEREFORE RESOLVED that the Board of Trustees approves this resolution and directs that the Capital Credit Allocation Factors be applied consistent with this resolution to the individual patronage capital accounts of the Canadian Valley Electric Cooperative patrons.

This Resolution adopted by the Board of Trustees this 23rd day of October, 2018.

Matt Goodson, Secretary, Board of Trustees,
Canadian Valley Electric Cooperative, Inc.
